VOLUME 12. MARYVILLE, MISSOURI, WEDNESDAY, FEB. 22, 1922 NO. 222

GIRL'S B. B. TEAM DEFEATED HOPKINS

SCORE WAS 32 TO 15 BUT PLAY WAS FAST

WAS GOOD CLEAN GAME

Track Team Beat Basketball Boys By One Point in Indoor Baseball Contest

At the basketball game played at the high school last night the Maryville girls showed their superiority by more than doubling the score over the Hopkins sextet. The score was 32 to 15. Maryville took an early lead and maintained this lead throughout the game.

The game was fast from beginning to end and was an exceptionally clean one.

Of the visiting teams line up Masters was a fast running center and was responsible for Hopkins scoring the points she did. Dragoo was the leader of the Hopkins team in goals, making four field goals and two overhead throws, together with the shooting of the free throws for the Hopkins team.

On the Maryville line-up all the girls should be classed as stars. They played a fast clean game and their team work was almost perfect. Neva Owens played a wonderful game at running center. During the last quarter she was transferred to guard and then to forward. When she was placed as forward the Maryville team seemed to find its stride and immediately began to pile up points on their opponent. Evelyn Raines was Maryville's leader in basket tolling. She got ten of the teams field goals and shot two out of a possible four free throws. Mildred New, the local schools jumping center, was able to get the tip off almost every time and played a fine game on the middle section of the court, which resulted in the keeping of the ball most of the time in the hands of the Maryville forwards. At guards, Faye Hornbuckle and Alice O'Banion played most of the game and succeeded in keeping the two Hopkins forwards from having many open shots.

Maryville (32)

	Field	Free
Pugh, f	4	0
Raines, f	10	2
New, jc	0	0
Owens, rc	1	0
O'Banion, g	0	0
Hornbuckle, g	0	0
Total	15	2

Substitutions—L. Raines for Owens Owens for Horbuckle. Pugh and Owens were transferred.

Hopkins (15)

	Field	Free	Overhead
Dragoo, f	4	1	2
Baker, f	2	0	0
O. Myers, jc	0	0	0
Twedell, rc	0	0	0
L. Myers, g	0	0	0
McMullen, g	0	0	0
Total	6	1	2

Substitutions, Masters for Twedell, Masters for O. Meyers and Twedell for Masters.

Feferee—Russell E. Sprong, basketball coach of the State Teachers College.

H. O. Ezell and Mrs. Manley the girls basketball coaches, announce that the Maryville girls will enter the basketball tournament, which is to be held in March, by the State Teachers College and that Maryville hopes to repeat the victory of last year in winning the championship of Northwest Missouri.

Before the game started last night a baseball game was held between the track and basketball teams of the boys. The track team won by the narrow margin of 1 point, 16 to 15. This is a new sport in Maryville and many of the old baseball fans who were present became inthusiastic and the cries of "Kill the Ump" and others which go with the game of baseball were heard at most every decision. The game was fast for a baseball game and many close decisions were called on runners. Mr. Sprong an dthe Reverend J. A. Cooper were the unfortunate umpires.

The lineup for last nights game was: track team—Carstens, c; Van Warmer, p; Roelofson, ss; England, fb; Blagg, sb; Hall, tb; Yehle, rf; Smith, cf; and Evans, lf. Basketball team—Aley, c; I. Miller, p; McNeil, ss; Eaton, fb; H. Miller, cf; P. Robey, tb; Chick, rf; L. Robey, cf; and G. Smith, lf.

The sport of indoor baseball is fast growing in the high school and will probably not be long until there will be contests between the different school over the country to settle the baseball championship as well as basketball and football.

BAPTIST BUSINESS MEETING HAS BEEN POSTPONED

The special business meeting of the Baptist Church which was called for tonight has been postponed and will be held in connection with the regular quarterly business meeting next Wednesday night.

The mid-week service tonight will continue the Bible study, which has been going on for the past few weeks.

BIG CROWD SAW FILM AT HARMONY

LARGEST COMMUNITY GATHERING FOR SOME TIME

SERVED GOOD CHERRY PIE

Harmony Has Only Four-Year First Class High School in Nodaway County

The largest gathering to which the farm films of the Chamber of Commerce has been shown for some time gathered last night at the church at Harmony, to witness the showing of the pictures. The church was filled to its seating capacity and a good many persons stood through the running of the films, which lasted until 11 o'clock.

The program was opened by singing "America" as a community song.

Following came a synopsis of Washington's farewell address by Donald Strader.

Then came a reading "As the Flag Goes By" given by John Sapp.

Following came another community song "A Loyal Farm Club Member" which was set to the words of "A Volunteer."

After this Mrs. Jerry Fisher gave two readings which brought generous applause from the audience.

The last number on the program before the running of the films was a quartet which gave two songs. The members of the quartet were Garland N. White, Martin Lewis, Jr., Floyd Tallman and D. R. Eversole. Miss Charlotte Green played the piano.

Following the running of the pictures, which were explained by R. P. Hosmer, the women of the church served pie and coffee in the basement. Most of the pie was cherry pie and on each of the plates was a George Washington Hatchet. Everyone did justice to the luncheon.

Harmony has made a remarkable record in the line of community improvement and shows a good community spirit It has the only four-year first class consolidated high school in the county, it was brought out at the meeting. It has a nice church and a nice modern school building. W. I. Lewis is in charge of the school as superintendent.

The following were among those from Maryville who attended the meeting. Mr. and Mrs. Fred Diss, George A. Pickens, F. R. Marcell, Cory G. Cook, Mr. Smith, Paul Kuchs, Frank Barmann, Leslie Roberts, C. W. Yehle, Eugene Yehle, Gertrude Condon, Miss Lenora Schumacher, Dr. and Mrs. Howard R. Juvenal, Clifford Hull, Miss Ella Farrell, Floyd Tallman, Martin Lewis, Jr., R. B. Montgomery Mr. and Mrs. Oren Lanning, Ralph W. Eversole, D. E. Hotchkin, Marvin H. Crawford, Fred Bellows, H. H. Mutz, L. G. Somerville, Mr. and Mrs. H. E. Miles, H. E. Turk, F. S. King, Miss Margaret Scully, Clun Price, Garland N. White, D. R. Eversole, Mr. and Mrs. Emery Airy, R. P. Hosmer, Miss Margaret Louise Hosmer, Anthony Gex, John Edward Montgomery, William Montgomery, Arch Frank and Roy A. Kinnaird.

Return From Chicago.

Mrs. H. S. Dowell and Miss Bessie Graham returned today from Chicago where they accompanied Dr. Dowell early this month. Dr. Dowell remained in Chicago to complete his course at the Illinois Post Graduate College and expects to return to Maryville next week.

A divorce suit was filed this morning by Mary Livengood against Basil H. Livengood. The Livengoods live in the vicinity between Elmo and Clearmont.

Mrs. Laura Biscoe returned today from Bixby, Okla., where she had been visiting for two weeks at the home of her daughter, Mrs. W. J. Cross.

EXPECT TO PAY MO. BONUS DURING MAY

BARRING OBSTACLES, PAYMENTS WILL BEGIN IN THREE MONTHS

CROOKS READY FOR HAUL

Commission Takes Steps to Thwart the Schemes of "Rush" Claims Through—To Study Systems.

Jefferson City, Feb. 22.—At a meeting of the state bonus commission yesterday matters relating to the payment of 15 million dollars to the soldiers, sailors and marines from Missouri, who served their country in the war against Germany, were discussed. If there is no hitch in the sale of the bonds, payment of the bonus will commence in May, probably about the middle of the month. Bids for the bonds will be received by the state fund commissioners March 1 and, if the securities are sold, the bonds will be ready for delivery not later than April 1.

The commission has been informed officially of several schemes to charge those entitled to receive the bonus for services in rushing their claims through successfully. A man in Southeast Missouri is seeking to obtain claims for the bonus and will "put them through" for $10 a claim. A young man in St. Louis had advertised:

"All who desire their state bonus to be among the first paid, kindly get in communication with me."

To Get the Bonus Free.

Upon investigation it was found this young man proposes to work the claims through for the small sum of $3, and had hopes of getting at least ten thousand customers in St. Louis alone.

It is not the intention of the commission, Adjutant General Raupp said, that those entitled to the bonus shall pay one penny, and no self appointed agent will be able to hurry a claim along. There would be rich picking among the 147,000 Missourians, who will be entitled to a bonus, if agents were permitted to charge them from $3 to $10 for rendering no service whatever.

General Raupp Heads Committee.

The commission reorganized with Adjutant General Raupp as chairman and Colonels James Reiger of Kirksville and John D. McNeeley of St. Joseph, members. William E. Phillips of St. Louis was elected secretary at a salary of $150 a month.

It was decided to send the Colonels Reiger and McNeeley and the secretary to visit the state capitals of Minnesota and Wisconsin, where bonus claims have been paid, to ascertain the most successful methods they have pursued with reference to making payments. From there they will go to Columbus, Ohio, where payments of the bonus are just starting. It is said that Ohio has profited greatly by the mistakes of Minnesota and Wisconsin.

TO HAVE BASKET SUPPER AT PRESBYTERIAN CHURCH

People are Asked to Bring Filled Baskets—Tables and Coffee Will be Ready.

A basket supper will be given at 6:30 o'clock this evening at the First Presbyterian church, under the auspices of the Women's Bible Class of the church.

"Come at 6:30 o'clock. Bring enough for you and your folks. Tables and coffee will be ready. We will pool the good things and all have the fellowship of a meal together. Come, even though you are unable to prepare anything. No one has yet gone away hungry,—so read the announcement in last Sunday's bulletin regarding the supper.

Those who cannot come at 6:30 o'clock are invited to go at 7:30 o'clock, at which time slides showing the work of the Presbyterian church in its mission fields in Porta Rica will be run. Some new plans for the mid-week meetings at the church will also be discussed. The choir will rehearse at 8:30 o'clock.

Jonathan Stark left yesterday afternoon to visit his daughter, Mrs. Charles Turner, and Mr. Turner in Aurora, Mo. From there he will go to Oklahoma to visit a brother living near Bartlesville, and he expects to be gone for four or five weeks.

Box Supper at Bunker Hill School

There will be a box and pie supper at the Bunker Hill School, three miles northwest of Parnell Friday, February 24. Miss Blanche Silvers is the teacher. Everybody is invited to come.

ONE OF TRENTON GAMES HAS BEEN CALLED OFF

Battle Scheduled Here Tomorrow Evening Will Not Be Played—Will be Game Friday Evening

The basketball game that has been announced to take place here on Thursday evening between the team of the Trenton High School and the Maryville High School has been called off by an agreement between the coaches of the two teams, it was announced this morning. The game announced for Friday night between the two teams will be played according to schedule, however.

The Maryville team defeated the Trenton squad on Trenton's court several weeks ago and is thought to have improved a great deal since then. This means that the Trenton team will have to show some exceptional good form in order to win a victory over local team. H. O. Ezell, coach of the Maryville team, says that Trenton has a fine five-man defense that is hard to penetrate.

UNDEFEATED S.T. C. GIRLS WILL PLAY

MEET CENTRAL COLLEGE TEAM AT 7:45 O'CLOCK

"RAZZERS" TO PERFORM

Central Has a Record of Six Victories And Two Defeats so Far This Season

The State Teachers College Girls team will meet a formidable team indeed when they mix with the Central College sextet tonight on the high school court. The visitors have an enviable record and are a team to count high as basketeers. The game will start promptly at 7:45 o'clock. Miss Mary MacLeod, coach of the local college team, has not announced what her line-up will be but it will likely to be the same combination that has started against the other teams that Maryville has played.

The Central College team arrived in Maryville at noon today accompanied by Coach Shaw. Eight girls made the trip. This is the third game of a series of five that they are playing. They met and were defeated by Missouri Wesleyan College at Cameron Monday night by a score of 10 to 9. Last night they defeated Missouri Christian College of Camden Point by a score of 21 to 9. Tomorrow night they will play St. Thresa Academy in Kansas City and Friday night they will play Notre Dame in Kansas City.

The Central College team has won six games and lost two this season. They won twice from Hardin College and once from Kirksville High School, Jefferson City High School, Fayette High School, and were defeated by Bellflower High School and Missouri Wesleyan College. The score of the Bellflower game was 20 to 2.

As a special attraction tonight the "State Teachers College Razzers" will make their first appearance. This is an organization made up of twenty of the men at the college and for the purpose of arousing pep at the games. A special feature will be "pulled off" between halves.

RALPH YEHLE INJURES KNEE AT COLUMBIA

Accident to Maryville Boy Cripples Tiger Squad in Coming K. C. A. C. Indoor Event.

The following story was carried in the Columbia Missourian Monday regarding Ralph Yehle, son of C. W. Yehle of Maryville:

Ralph Yehle, high jumper on the Varsity track squad, sprained his right knee Friday afternoon while practicing at Rothwell Gymnasium. The accident happened when he came in contact with the soft landing mat after clearing the bar. He was taken to Parker Memorial Hospital. The condition of his leg is not serious.

The injury comes at a most inopportune time. Next Saturday the Tiger track team enters the K. C. A. C. indoor meet at Kansas City. Yehle was expecting to perform there. The accident will keep him out of this competition, and will keep him off the track for some time, in all probability.

Won't Show Films Tonight

The Nodaway County Films of the Chamber of Commerce will not be shown at the Rose Hill School, as was scheduled, on account of the rain making the roads muddy.

SELECTED BREEDING PENS AT 2 FARMS

HOLIDAY AND LAMAR FLOCKS GONE OVER BY KINNAIRD.

STOCK OF HIGH QUALITY

By Fall Certified Stock From Leading Breeds Will Be Available in Nodaway County.

Breeding pens were selected this week from the flocks of Clay Holiday at Graham and of Robert Lamar at Elmo by Roy A. Kinnaird, county agent. From each flock Mr. Kinnaird selected for the breeding pen the hens that were true to the type of breed and free from any standard disqualification and which also had the indications of being the best producers in the flock.

Mr. Holiday's flock is composed of 300 brown leghorns and from this number Mr. Kinnaird selected 115 for the breeding pen. Mr. Lamar has over 300 Buff Orpingtons and from his flock Mr. Kinnaird selected sixty five for the breeding pen.

In both the flocks the hens will be mated with certified cockerels, which are to be purchased from breeders co-operating with the poultry department of the Missouri Agriculture Extension service and are carrying on certified breeding.

In the certified breeding project poultry specialist of the extension department select the breeding pen of hens in the fall. Every hen selected for this pen must measure up to the highest standard for production and at the same time be typical of the breed. The hens must also be free from any standard disqualifications. These hens are mated with pedigreed cockerels which are the sons of hens having a trap nest record of 200 or more eggs a year.

The young stock resulting from this mating is inspected by poultry specialists and all which measure up to the standard of the breed in type, color and vigor are certified by the poultry department. The inspector placing a wing band on the bird in such a way that it cannot be removed.

It is cockerels of this type that Mr. Holiday and Mr. Lamar have purchased for their flocks. In other words they are grandsons of hens having trap nest records of 200 or more eggs a year, and sons of the very best hens in the flock, selected both for production and breed type.

Mr. Holiday will use only eggs from his selected pens for hatching purposes this year and Mr. Lamar expects to have his entire breeding flock for next year produced from his selected pen.

Mr. Holiday and Mr. Lamar will put on the market for the breeders such surplus of eggs as they do not need for their own use in hatching.

Mr. Kinnaird said this morning that by next fall there will be available in Nodaway County certified cockerels from some of the leading breeds, since several flocks were certified last fall by specialists and will have young stock to sell this fall.

IT IS A GLORIOUS RAIN WE ARE GETTING TODAY

A Half-inch Had Fallen at 1:30 o'Clock and Still It Came—People are Happy Inspite of Gloom

"Rain and thunder storms this afternoon and colder," says the weather man today.

It rained a little during the night last and since along in the morning it has been raining gently and steadily. J. R. Brink, weather observer, said at 1:30 o'clock today that a half inch of rain had fallen.

The rain is about the best thing that could happen just at this time, owing to the dry condition of the fields. Wheat has been suffering from drouth for several weeks. There has scarcely been a rain or snow since the first of the year to wet the ground to any depth. Many of the farmers and town's people are setting back today rejoicing over the rain that is falling.

MARX OSER IS 40 YEARS OLD TODAY

Zurich, Switzerland, Feb. 22—Marx Oser who is betrothed to the sixteen-year-old Mathilde is forty years old today, declared the municipal records here.

Pay $1.22 a Bushel for Wheat.

Emporia, Kan., Feb. 22.—Local mills paid $1.22 a bushel for wheat yesterday, the highest price this winter.

NO GENERAL ELECTION IN IRELAND BEFORE MAY

Hostile Factions Have Reached a Compromise on the Peace Treaty, It Is Said.

Dublin, Feb. 22—Following the compromise it was announced today that there will be no general election in Ireland before May. The free state constitution shall be the campaign issue. The Dial Eireann shall meet regularly. No party vote shall be taken requiring resignation of Griffith or the Dial cabinet.

London, Feb. 22.—Hostile factions of the Sinn Fein have compromised on the peace treaty, says the Central News Despatch Exdublin.

CONFERENCE WOULD AVERT DEMANDS

MAY DO AWAY WITH 6-HOUR DAY AND 5-DAY WEEK

OPERATORS TAKE PART?

Lewis Says, However, He is Ready to Fight and "To Go Through" In Challenge Today

Chicago, Feb. 22.—It was declared today by high authorities that if coal miners' representatives confer with the operators before April 1, the date of the threatened coal strike, there will be a fight for the six-hour day and five-day a week program. There will be other concessions, too, it was said.

Illinois operators said "if the law allows" they will be willing to take part in the conference.

Chicago, Feb. 22—"We are ready to fight. We are ready to go through," said President Lewis today as he hurled a challenge toward the coal operators in an opening address to delegates assembled for the defensive alliance of miners and railroad workers.

SECURE SERVICES OF HARPISTS FOR MUSIC WEEK

To Appear on the Opening Night, Which Will Be May —To Have Big Municipal Chorus

Charles R. Gardner, head of the conservatory of music of the State Teachers College announced today that the committee had secured the services of the Selzedo players in a harp ensemble for the opening night of the Musical Festival Week that is to be held in Maryville in May. The harpists will appear on May 11.

Another feature of the week will be a municipal chorus to be given on Sunday evening at the Christian church. At this chorus Charles R. Gardner will be the organist and he will be assisted by Thomas H. Annett, pianist, and Christian D. Kutschinski, violinist.

TO HAVE ASSEMBLY PROGRAM.

Senior Class of High School Appears Tomorrow.

The advance senior class of the Maryville High School will present an assembly exercise tomorrow at the high school. It has been a long time since an assembly program has been presented at the high school on account of the graduating class using the stage for practice and also the "Patricia" cast using the stage. Now there will be an assembly every week. Nothing can be made public about the assembly which is to be presented tomorrow as the senior class refuses to tell the plans concerning it.

PUT IN NEW SKYLIGHT

Getting Ready New Health Department Headquarters

A skylight has been placed in the northeast corner room of the second floor of the Tribune building, which is one of the rooms to be occupied by the Nodaway County health department. The skylight is a good one and lights the room well. The other repair work for the departments quarters are being carried on and it is probable that within a week the department can move in.

To St. Joseph Banquet

Dr. R. C. Person, commander of the James Edward Gray Post of American Legion, and Walter Todd went to St. Joseph this afternoon to attend a banquet at the St. Charles Hotel tonight of the new organization of "Homes 40, Chevaux 8."

A marriage license was issued this afternoon to Ted H. Wright of Graham and Mamie Nowling of Skidmore.

34 DEAD IN ROMA WRECK YESTERDAY

LIBERTY MOTOR AND CONTROL BLAMED FOR ACCIDENT.

BLOW TO AIR TRAVEL

Investigation Will Be Made—Was Considered the Safest Aircraft That Was Ever Built.

Hampton Roads, Va., Feb. 22. — All but one of the victims of the ill fated Roma perished in the blast which wrecked the ship. The exception was Lieut. William E. Riley of New York, whose parachute failed to open when he jumped from the ship. He fell on a concrete roadway crushing his head. The latest report states that thirty-four lives were lost in the disaster.

Norfolk, Va., Feb. 22.—Lieut. Byron G. Burt, elevating pilot of the Roma, the only active flight officer of the ship Roma, who survived, blamed the crash to failure of some of the control instruments. He told the International News Service that the ship refused to respond while 600 feet in the air. This caused the ship to dive into the ground at an angle of forty-five degrees. Lieut. Burt declares that the reason his life was saved was that he was thrown into a ditch as the giant bag rolled over on the ground and thus he gained protection from the serious blast of the burning hydrogen.

Washington, Feb. 22.—The war and navy departments gloomly declared a searching investigation would take place and experts declared that the explosion will advance the use of helium gas instead of hydrogen. Helium is non-inflamable. Congressman Julius Kahn, chairman of the house committee on military affairs, declared that experiments with lighter air crafts must not cease.

London, Feb. 22—The British air minister sent a telegram of condolence over the loss of the Roma and the thirty-four men.

Hampton Roads, Va., Feb. 22—Eleven survivors of the Roma disaster blame the catastrophe to broken elevating controls and the Liberty motors were substituted for the original Italian engines.

Langley field, Va., Feb. 22—Officials of the army in an explanation blame the crash of the Roma to a failure of the controls to function. The bag caught fire following the explosion which was due to contact with high tension electric line in the fall. Officials declared that a large number of the casualties was due to the explosion and the result of the fire.

New Port News, Feb. 22—Included in the official casualty list of the Roma was Private Marion Hill of Newton, Ill., dead; sergeant Harry A. Chapman, St. Joseph, Mo., dying; Lieutenant Clarence E. H. Welch, Omaha, Nebr., injured; Staff Sergeant Marion H. Beall, LaPlata, Mo., dead.

Norfolk, Va., Feb. 22.—General Patrick, chief of air service, informed the International News Service that the Preliminary investigation showed that the Roma disaster was due to faulty elevating control. He termed the disaster as "A great blow to the air service."

Berlin, Feb. 22—Brigadier General Mitchell, assistant chief of the United States Air service, who has just arrived in Berlin, declared he considered the Roma "the safest ship that ever took the air. We had no fears for the Roma," he said greatly shocked and grieved.

Marriage Licenses.

License to marry was issued at Recorder Baker's office yesterday to George Orr Kinman and Roberta Lamar, both of Elmo, and William Stien and Anna Lehmer, both of Maryville.

THE WEATHER

Rain and thunder storms this afternoon and colder.

LARGEST CIRCULATION IN NODAWAY COUNTY

THE WIRELESS TELEPHONE

People have become so accustomed to scientific marvels that the wireless telephone and its popular use for broadcasting messages, fails to attract the wonder it would have caused years ago. The impossible so frequently becomes the commonplace of daily life, that few persons are surprised at any new development no matter how amazing.

Wireless telephone is only in its infancy, and it is impossible to predict how far it will go. There is one very important service that it will render, and that is to permit people living in country districts to enjoy music and lectures and addresses delivered in city centers. Fine concerts and operas will be made accessible over a wide range of territory by wireless telephone.

People living in remote homes will sit in their living rooms and hear masterpieces of music played in the big city concert halls. Political orators will have messages conveyed over the country through radio instruments.

One more step will be taken to break down the isolation of rural localities, and people who are a long distance from their neighbors will be in close touch with the world of activity in centers of population.

Such methods of communication must be a boon to invalids and shutins and elderly people, who are cut off by inability to attend public gatherings. The wireless telephone will bring into their secluded rooms the activity of the outside world, and their life will seem less limited. Such folks will enjoy church services without stirring from their homes. A development like this is not merely a scientific marvel, but it will do wonders to keep people in touch with the movements of the times.

OPPOSITION DEVELOPS PATRIOTISM

If those who wrote the Wood-Forbes anti-Philippine independence report believed they were thus placing the aspirations of a nations of people indefinitely on the shelf, their work was in vain.

Instead of acting as an anesthetic to the hopes and desires of the Filipino people, it has served only as a stimulant. To use subterfuge in opposing the just and righteous nationalistic ambitions of a people is only to fan the flames of patriotism of that people. History reports this fact over and over again. The Filipino desire for independence is today stronger than ever. The Wood-Forbes recommendations have intensified it.

Isauro Gabaldon, Resident Commissioner from the Philippines, in his speech on the floor of the House of Representatives, stated the whole situation when he said:

"The recommendations made by the mission are unsatisfactory to my people. We can neither agree to them nor accept them. We can reach no other conclusion than that the object of the investigators was to find excuses for delaying independence instead of to fulfill the promise of independence upon the establishment of a stable government contained in the Jones law of 1916.

"We can only feel that in deciding upon our fitness for independence the members of the mission set an arbitrary qualification that no government on earth can now or ever will be able to meet. If we must wait until we are 100 per cent efficient, which is seemingly the standard the mission would require of us, our prospects are hopeless. The editorial opinions of many American newspapers fully uphold our contention that the mission has set a qualification for us that the United States itself does not approach.

"My answer to the Wood-Forbes report is to demand anew, and with more emphasis than ever before, the immediate granting of independence to the 10,500,000 inhabitants of the Philippine Islands. I insist that this is the only logical righteous answer the Filipino people can make to this report, because it does not contain a single justifiable reason for America to longer postpone the keeping of its solemn pledge to us. The Jones law promised us independence upon one condition, the establishment of a stable government. I submit, therefore, that the Wood-Forbes report could have justified the further delaying of independence only by proving that we have not yet established the specified stable government. We today have such a stable government. The report absolutely failed to disprove this fact. As the mission could not successfully meet the real issue involved, it proceeded to ignore it.

"The report is a clever but unworthy attempt to change the issue from that of stable government to a multitude of other conditions not required by Congress. If this can be done, then independence should be denied us by such subterfuge. Having a stable government, we ask immediate and complete independence."

The Filipino people desire their independence, and in the language of Camilo Osias, President of the National University, Manila, "they will be satisfied with no other earthly existence."

SHIP INDUSTRY HAS BOOM IN GERMANY

Hamburg Has been Found by America To Have Regained Her Prewar Tonnage in Building

New York, Feb. 22—"Ship-building industries are flourishing in Germany as never before in that country's history. The port of Hamburg, for instance, during the year just passed, regained her full pre-war tonnage."

This is the news that was brought by Emil Lederer, passenger traffic manager of the United American Lines, back from Europe.

Lederer said he was astounded at the rapid strides made by Germany in rebuilding her merchant marine. While in Holland he conferred with Averill Harriman, president of the United American Lines, regarding the purchase of two new vessels to be put into the passenger service of the company.

"In the Resolute and Reliance, which we have recently acquired, we will have two of the finest vessels in the world. The Resolute will arrive here in April and the Reliance in May."

Forumettes

It takes courage to live,
Not only courage but hope,
And strength and faith and
Humor, and these are only
Brought by pain and tears and work.

This is the birthday of the man who never told a lie. He must have been a lonesome one indeed.

Cheer up! It will not be many days before the crocuses of spring will be up.

Not many more five-cent cigars have appeared but a lot of nickel ones are still selling for eight cents and a dime or more.

People are funny. The average man will not wear anything unless some other man wears the same thing while the average woman will not wear anything that any other woman wears.

Most any woman will feel like five cents if her neighbors catch her shopping in the ten-cent store.

Our bachelor friend advises Maryville swains who feel that they can't live without a certain girl to marry and find out.

Uncle Abner, the town philosopher, says hard luck never cuts much figure with pluck.

Our neighbor's little boy asked his mother to tell him a story the other evening and she told him to ask his father as he was an expert at fairy tales.

A lot of people who are not little are small.

One of our friends tells us his auto radiator has developed the denatured alcohol habit badly. "It is just like a good many fellows who hit up the stuff" he says. "Can't move in the morning unless it has a shot."

"Beauty is only skin deep" we hear quoted. It is frequently only rouge deep.

Although work and shirk rhyme there is no connection between them.

Louise, the stenographer, says it is pretty hard to paddle your own canoe if you have no canoe to paddle.

Would you not like to see a girl again who could blush without the aid of a paint brush.

We saw the name of a man on the concert program the other night and remarked to a friend that we did not know he could sing. "He can't," replied our friend, "but he doesn't know it."

Would you do away with an enemy? Then make him your friend.

SKIDMORE VS. ELMO FRIDAY.

Teams to Meet for First Time of the Year.

The Skidmore high school basketball team will meet the Elmo high school team at Skidmore Friday night. This is the first game to be played btween Skidmore and Elmo, so nothing is known as to their relative strength. The Skidmore team so far has met with success with its playing and recently challenged several teams of the surrounding towns. Martin Lewis, Jr., will referee the game Friday night.

Holmes Agencies' Sales.

Sherman Pierpoint has sold 40 acres of land, two miles southeast of Arkoe, to Joe Dobbins for $3,400.

Frank Schumacher has sold his 6-acre tract, just north of Maryville, to John Renfrow for $6,000.

Mr. Renfrow sold his residence property on North Fillmore street to Frank Schumacher for $4,500.

Will Myers has sold his 100-acre farm four miles southeast of Maryville, to Joseph Everhart for $21,000.

Mr. Everhart sold his property and a tract of land in Pickering to Mr. Myers for $8,000.

The above deals were all made through the G. B. Holmes real estate agency.

It Requires Small Boy to Give Real Verdict Upon Founder of This Nation

By International News Service

New York, Feb. 22—It takes the small schoolboy with his native admiration and frank open-heartedness to express his innermost feelings when speaking or writing of George Washington, the father of our country and the founder of our nation. It is with deep thrill and emotion that he takes up his history book to learn of the country's greatest statesman and leader. It is with a deeper thrill when he takes up his pen to express his thoughts and feelings. Read what one New York schoolboy wrote of the man among men:

"We find, as we go through history, no man who surpasses Washington as a soldier. There are few, if any, who have had the wonderful personality and ability to control men that Washington had. During the dark days of the Revolution there was one man who always managed to remain hopeful and this man was Washington.

"After the war the thirteen colonies were as thirteen logs drifting around on a high sea. Statesmen argued and proclaimed the situation hopeless. Finally, with the ever steady hand of Washington as a guide, a constitution was formed and adopted—one which even exists to-day. Then it was necessary to find a pilot for this newly-formed ship of state. Washington was unanimously chosen. Even today there is not a statesman of the past whose influence is felt more in American politics than that of George Washington.

"His traits of character may well be summed up in the few words 'First in war, first in peace, and first in the hearts of his countrymen.' Lincoln was merely a statesman and Grant was a soldier, but Washington, the equal of either, was truly a man among men."

RURAL CHURCH DEMANDS WELL TRAINED LEADERS

Country Minister Must Adopt Constructive Program or Fail, Says E. L. Morgan

Columbia, Feb. 22—"The rural church to succeed must have ministers trained in rural problems, who will give the church a constructive program," said Prof. E. L. Morgan in the third of a series of lay services at the Broadway Methodist Church. His subject was "Some Factors Which May Determine the Future Rural Church."

"The farmers of America are today doing pretty much their own thinking and acting on their thinking. They think in the same line about the church as they do about other farm interests. If the farmers do not like the county agent they tell him so and he does not stay long in that county. If a farmer does not like the minister's sermons he stays at home and is away from the house when the minister calls."

"The rural church is using the same methods it used fifty years ago. The preacher is preaching the same kind of sermons, and the church is trying to exist on this fifty-year old program when the farmer is thinking in terms of today, and every other organization of the community has been brought up to date. The school is an example of this."

"The farmer at the present time thinks in the world terms. He thinks in fairly straight lines and has good agricultural leadership," emphasized Professor Morgan.

"The rural school has these alternatives; it can close up its doors, or, it can swing over to more of a social program and become more a club and it can give the type of service which the farmer cannot refuse and train ministers to do this," he said.

"The success of the rural church in the future will depend on whether trade centers, such ac Columbia, in pushing their trade territory further into the country communities absorb the smaller communities and the rural church; whether the rural church assumes a progressive stage in common with agriculture, to do which it must throw open its doors to secular things; and whether its leadership responds to a modern constructive program."

"The rural church, to succeed, must have ministers trained in rural problems," he concluded, "who will give the church a constructive program."

Charles Frederick Cooper.

Mr. and Mrs. Bert Cooper announced the birth of a son Friday night at the home of Mrs. Cooper's mother, Mrs. Theodore Snowberger near Graham. The baby has been named Charles Frederick. Mrs. Cooper was formerly Miss Eula Snowberger.

HAS PNEUMONIA REMEDY.

Excelsior Springs Woman Sends in a Recipe.

A reader of the Democrat-Forum at Excelsior Springs sent in the following remedy, which she says is wonderful in the case of pneumonia:

Dear Editor: I will send you a pneumonia remedy.

Make a sack as large as the lungs, fill with hops, put vinegar in a pan and heat it, put the sack in vinegar and ring out, apply hot, have two sacks for changes.

This remedy has saved some of my friends here that the doctors had given up.

Yours truly,
Mrs. C. L.

Auction—We will sell at auction at our home place, 1024 North Mulberry St., a lawn swing, refrigerator, lawn mower, household furniture, etc., Monday, Feb. 27, at 2 o'clock p. m. S. M. Redfield.

WALLACE EXPLAINS FARMERS' AID PLAY

SECRETARY SEES HOPE IN THE MARKET LAW.

SAFEGUARDS THE PUBLIC

Says Capper-Volstead Act Will Assure Better Prices for Products and Protect Consumers.

Washington, Feb. 22.—Asked to explain the significance of the Capper-Volstead co-operative marketing law, just signed by the President, Secretary of Agriculture Wallace yesterday made the following comment:

"The Capper-Volstead co-operative marketing law, signed by the President Saturday, is the result of several years of effort on the part of farmers to clear up their legal, and, therefore, their economic slates, from a national standpoint.

"The new law expressly authorizes farmers and others engaged in the production of agricultural products, including nut and fruit growers to act together in associations for marketing their products collectively in interstate and foreign commerce.

The Public Is Safeguarded.

"On the other hand, the interests of consumers and the public generally are safeguarded, since the secretary of agriculture is authorized to proceed against an association of this sort if he finds it is operating in restraint of trade to the extent that prices of farm products are enhanced unduly. For such cases a special proceeding is authorized. The secretary of agriculture will hold hearings and determine all the facts before action is taken in the courts.

"These associations may incorporate or not, according to the wishes of their members, and have capital stock if they so desire. They also may have marketing agencies in common. They must be operated for the mutual benefit of their members, but also may deal in the products of non-members, with the express limitation that the value of such products must not exceed the value of the products of their members. It is required that they comply with either of the provisions that no member shall have more than one vote and that dividends shall not exceed 8 per cent.

Farmers to Bargain Collectively.

"Farmers always have felt that conditions governing the marketing of their products are essentially different from those governing the marketing of the products of other industries, and that if they are to be on a comparable basis without being deprived of individuality in production, they must have the right to bargain collectively.

"The new law expressly recognizes these contentions and greatly reduces the possibility of litigation which farmers' marketing associations have faced frequently in the past when they have associated themselves together for their mutual benefit."

WILSON FUND HALF MILLION.

New York, Feb. 22.—More than $500,000 was raised in the first month of the nation-wide movement to establish the Woodrow Wilson Foundation, Franklin D. Roosevelt, chairman of the national committee, announced here today.

Partial reports from the state chairmen of the movement, based on the returns up to February 15, just a month from the opening of the active campaign, showed that more than one-half the minimum goal had been attained, Mr. Roosevelt said. Although the campaign is actively under way in every state in the country, many of the state chairmen were unable as yet to estimate the amounts raised in their states toward the fund of $1,000,000 or more to endow the Woodrow Wilson Awards.

"The response to the appeal throughout the country has been wonderful," Mr. Roosevelt said. "When one considers that the half million dollars raised in the first month represents a vast number of small contributions, the result is remarkable. These contributions, coming in the most part from persons of very moderate means indicate the faith of the doners in the principles that Mr. Wilson upheld and a desire to honor a great American for the ideals for which he stood.

"In the proportion of its quota raised, North Carolina leads the country. Mrs. Josephus Daniels, the chairman, reports that 71 per cent of the amount assigned to the state has been raised and that the contributions are still coming in steadily.

Oklahoma and the District of Columbia, each of which has raised about two-thirds of its quota, stand second and third. Eight other states have finished at least half their work. They are Minnesota, Tennessee, Delaware, Kentucky, Connecticut, New Jersey, Oregon and Wisconsin. And in the remaining states that have reported the movement is progressing rapidly.

A DROP IN WHOLESALE PRICES.

Figures for Last Month Show Decline From Same Period in 1921.

Washington, Feb. 22. — Wholesale prices on the average approached slightly nearer the 1913 level in January, according to information made public yesterday by the bureau of labor statistics of the department of labor. The bureau's weighted index number, based on 100 for the 1913 wholesale price level, stood at 148 last month, compared with 149 in December and 177 in January, 1921.

Prices generally last month represented a decline from the some month of a year ago to 16 per cent.

Mrs. Thompson Leaves.

Mrs. Anson Thompson, who has been spending the winter in Maryville at the home of her daughter, Mrs. W. W. Turner, and family, left Saturday night for her home in Petersburg, Ill.

Lowry's Letter

Now that the rains have come, let's get ready to sow that clover and timothy seed. Remember we have a full line of choice seeds.

We are handling package garden seeds, too, this year. The Fresh new stock came in Monday. Better make your selections now while you can get your choice.

C. E. Richey is chauffeuring his own Model 15 SAMSON MOTOR TRUCK now. He will deliver ice with it when the warm days come.

L. E. Fink is equipped now with a good used Ford truck. He will haul your stock to market if you wish.

Neighbor Byer's is pumping water with a new pump. Roy put it in for him yesterday.

E. F. Hammond made himself secure by buying a two row listed corn cultivator while he could get it for $45.00. The next shipment will be $50.00, and if you will investigate you will find that is a good price—don't pay more. They are self balancing, too.

If you have had trouble breaking singletrees, or if you don't want to break any, get some of our guaranteed ones.

Mrs. F. W. Jones probably cooked an early breakfast this morning on that new oil stove the boys delivered to her yesterday.

Cecil A. Boring was here early Monday morning, from the west part of the county, to get a set of STEER HIDE HARNESS.

Take note of these bargains:

Early implement buyers are saving money here. Don't be persuaded to pay high prices for implements this year. Every one of the implements we sell is fully guaranteed and backed by the largest repair stock in north Missouri.

HARDWARE AND IMPLEMENT CO. LOWRY MARYVILLE, MISSOURI

JAYHAWKERS BEAT TIGERS IN LAST NIGHT'S GAME

Score Was 26 to 16—Kansas' Star Player Could Not Enter the Game On Account of Grades

The Jayhawker twisted the Tiger's tail.

Last night the University of Kansas basketball team defeated the strong Missouri quintet in a 26 to 16 battle on the latters court at Columbia. It was a battle but Kansas was primed to win and did. The first half ended with the score 12 to 10 in favor of the visitors. The guarding of Black and Endacott, Kansas guards was the feature of the game.

Kansas played without the services of the speedy Woestemeyer. Coach Allen received word just before the game that the fast Kansas player was ineligible because of his standing in classes.

Kansas started the scoring with a free toss by Rody and they remained in the lead all through the game. Rody was high point man with his trio of baskets and sextet of free tosses.

Missouri was held to five baskets while the Kansans dropped ten shots through the meshes.

The score:

Missouri—	G.	F.	T.	F.
Browning, f	2	0	0	
Knight, f	2	0	5	
Vanice, f	0	0	0	
Bunker, c	0	0	3	
Bond, g	1	6	1	
Hays, g	0	0	3	
Faurot, g	0	0	1	
Totals	5	6	13	
Kansas	G.	F.	T.	F.
Rody, f	3	6	1	
McDonald, f	0	0	0	
Frederick, f	0	0	0	
Bowman, f	2	0	4	
Wulf, c	1	0	2	
Black, g	1	0	0	
Endacott, g	3	0	2	
Totals	10	0	9

$393,500 HAVE BEEN PLEDGED FOR M. U. FUND

Freshmen at University Expected to Pledge $30,000 Toward Memorial Building Alone

Columbia, Mo., Feb. 22—Returns for the first day of the Missouri Memorial Campaign from St. Louis, Kansas City, and the student campaign in Columbia total $71,500. This brings the total amount thus far pledged for the Memorial Building in this and previous campaigns to $393,500.

The freshmen and new students in the University had pledged $38,500 by 2 o'clock yesterday afternoon. St. Louis headquarters reported that $18,000 had been pledged there during the first day and Kansas City reported $15,000. No reports have been received from any other cities thus far.

The subscription list in St. Louis yesterday was headed with a $1,000 pledge by the St. Louis Globe-Democrat. Former governor David R. Francis, who subscribed $1,000 to the Memorial last year, has been an active worker in the St. Louis campaign. Dr. I. L. Sutton of Kansas City who subscribed $1,000 to the campaign Saturday added another $1,000 to his subscription yesterday.

It is expected that the freshmen and new students here will pledge $50,000 before the campaign is ended.

TERMS—Cash, or 3 or 6 months' time on bankable note, bearing 8 per cent interest from date.

Will also offer 4 dozen Brown Leghorn hens and pullets for sale.

Sawyers & Zimmerman

R. P. Hosmer, Auctioneer. Jos. Jackson, Clerk.

The J. C. Kessler Public Sale will be held at the farm, 6 miles west of Maryville, on Friday, February 24, 1922, commencing at 10 o'clock sharp.

Social Affairs and Clubs

Royal Neighbors.

The Royal Neighbors will meet at 2:30 o'clock Thursday afternoon at Modern Woodman Hall. An important business session will be held and all the members are urged to attend.

Mrs. Ford Hostess

The Woman's Missionary Society of the First Presbyterian Church will meet tomorrow afternoon at the home of Mrs. J. A. Ford, 132 South Main Street. Mrs. L. H. Evans and Mrs. Clara Heath will be the assisting hostesses.

Westminster Guild.

Miss Helen Todd was re-elected president of the Westminster Guild of the First Presbyterian Church last night at the regular meeting at the home of Miss Nora Ritze on North Mulberry street. Other officers for the coming year were elected as follows: Mrs. Karl Zimmerman, vice-president; Miss Nell Hudson, secretary, and Miss Nora Ritze, treasurer. Mrs. R. C. Person was the leader of the program on "The Foreign Missionary—Motive and Aim." Following the election of officers refreshments were served by the hostess, assisted by her sister, Mrs. Clara Heath.

Lamar-Kinman Wedding.

The marriage of Miss Roberta Lamar, daughter of Mr. and Mrs. R. T. Lamar of Elmo, and Orr Kinman took place at high noon today at the home of the bride's parents. The bridal couple entered to the strains of "Mendelssohn's Wedding March," played by Miss Clary Weber Lamar, sister of the bride, and during the ceremony "The Flower Song" was softly played. The Rev. E. J. Speer, pastor of the Methodist Episcopal Church, South, in Elmo, performed the ceremony in the presence of a small company of relatives and close friends of the couple. The bride's gown was of white crepe over white satin, and she carried a shower bouquet of white carnations and lilies of the valley. Following the ceremony a four-course dinner was served. A pink and white color scheme prevailed in the decorations and dinner appointments. The bridal couple will leave this evening for a wedding trip to Kansas City, and after March 1 they will be at home in Maryville. The bridegroom is the son of Mr. and Mrs. C. H. Kinman of Elmo.

Golden Wedding Anniversary

A party of neighbors surprised Mr. and Mrs. W. A. Bailey at their home, 303 South Vine Street, last night on the occasion of their golden wedding anniversary. The evening was spent socially and Victrola music and several instrumental solos by Miss Venice Bratcher were enjoyed. The guests presented Mr. and Mrs. Bailey with a cluster of flowers. Mrs. Bailey was assisted in serving refreshments by Miss Margaret Sorrie.

Mr. Bailey and Miss Ella Lackey of Hartford, Connecticut, were married on February 21, 1872, in Dayton City, De Kalb county, Mo., and for a few years following their marriage they made their home in Maysville. They came to Maryville forty-seven years ago and have been residents of this city since. In 1862, Mr. Bailey enlisted in Company C, Nineteenth Iowa Volunteer Infantry, as a private. He served through the war, participating in the most active campaigns, and received a wound at the battle of Prairie Grove. Until his retirement from business several years ago Mr. Bailey was actively engaged as a contractor and builder for a number of years. An interesting feature in connection with the anniversary celebration was that this was the fourth one in the Bailey family to be observed. Mr. Bailey's parents, the late Colonel and Mrs. J. P. Bailey of Ainsworth, Iowa, celebrated their fiftieth wedding anniversary in 1883. His brother, H. H. Bailey, and Mrs. Bailey of Portland, Ore., observed their golden wedding anniversary in 1908, and another brother Charles Bailey, and Mrs. Bailey of Washington, Ia., had a golden wedding anniversary in 1915.

Tourist Department Meeting.

Mrs. C. C. Hellmers was hostess yesterday afternoon at the February meeting of the Tourist Department of the Twentieth Century Club at her home on West Third Street. Mrs. Hellmers told of the importance of parliamentary law, and Mrs. Lincoln Bent was in charge of the first program on Alaska. Mrs. W. H. Campbell gave a history of the country, and Mrs. H. R. Juvenal told of the Federal railway to the interior of Alaska the construction of which was authorized by Congress in 1914. Mrs. C. F. Remus gave a sketch of Robert Edwin Peary, famous Artic explorer, and Stefansson, a Canadian explorer. Mrs. Hellmers conducted the parliamentary drill and discussed the topic of voting. Plans for the club year were discussed and the members decided to take up the study of the United States for next year. At the meeting yesterday Mrs. Harry Hudson and Mrs. W. W. Stanfield were received as new members. At the March meeting of the Department at the home of Mrs. J. H. Gray the second program on Alaska will be given.

Mary Lawrence Circle

The Mary Lawrence Circle of the First Christian Church will meet at 7:30 o'clock tonight at the home of Miss Gertrude Condon on West First Street.

Lehmer-Stien Nuptials

Miss Anna Lehmer and William Stien were united in marriage at 8 o'clock this morning at St. Mary's Catholic Church, the Rev. Father Pius officiating. The bride wore her traveling suit of blue tricotine with picture hat and gloves to correspond. Miss Emma Lehmer, sister of the bride, wearing a blue suit, acted as bridesmaid, and Fred Stien, brother of the bridegroom, was best man. At 12 o'clock a dinner party for the immediate relatives of the couple was given at the home of the bride's parents, Mr. and Mrs. David Lehmer, south of Maryville. After a brief honeymoon trip the bridal couple will be at home in their new residence east of Maryville. Mr. Stien is the son of Mr. and Mrs. A. B. Stien, living east of Maryville. The out-of-town guests at the wedding included Miss Bertha Lehmer of Des Moines, Ia., Louis Lehmer of St. Charles, Ia., and Mrs. J. C. O'Rourke and daughter, Helen Marie of St. Joseph.

Colonial Costume Party

Members of the senior and sophomore classes of the State Teachers College entertained the juniors, freshmen and faculty members with a colonial costume party last night in the College Library. The party is an annual affair at the College and is usually given to observe the anniversary of the birthday of George Washington. General arrangements for the affair were in the hands of Miss Katheryn Franken and Irgil Adkisson, sponsor and president of the sophomore class, and Jay Puckett, senior class president. The opening feature was the grand march led by Miss Mary Condon, Jay Puckett, Miss Jeannie Blacklock and Virgil Adkisson, who were followed by President and Mrs. Uel W. Lamkin and Dean and Mrs. George H. Colbert. This was followed by the grand right and left and the living pictures which included George Washington and his family Betsy Ross and Miles Standish and Benjamin Franklin and wife. The class in aesthetic dancing consisting of Misses Wave Hulet, Myrtle Argo, Helen Miller, Ora Mae Condon, Sylvia Littlejohn, Ruth Cline, Hazel Hall and Julia Hankins danced the minuette. Charades were the next feature the thirteen colonies being formed by means of numbered miniature hatchets which were pinned on the guests upon their arrival. Misses Helen Miller, Sylvia Littlejohn, Ruth Cline, Hazel Hall and Julia Hankins gave a second interpretative dance after which refreshments of brick ice cream centered with a tiny red hatchet, wafers and bonbons were served. Miss Mary Bailey, dressed as a colonial dame, and Jay Puckett, as a French chevalier, were selected as the most appropriately costumed couple. The entertainment was concluded with the Virginia reel. An orchestra under the direction of C. D. Kutschinski furnished the music for the occasion.

General Pershing and His Double

On his way to Springfield to deliver an address on Lincoln, General John J. Pershing stopped over in Chicago to see a play, "A Buck on Leave," which was being produced for the benefit of the American Legion. General Pershing's train was a little late, and in order that the audience would not be disappointed, Private Kelly, who impersonates General Pershing in the play, was given a seat in a box, and the audience, thinking it was the real Pershing, gave him a great ovation. After the lights had been dimmed and the play started, Kelly slipped out of the box and took his place on the stage. General Pershing arrived just before the end of the first act and none of the audience knew the difference. Private Kelly (left), is here seen with General Pershing.

Other Airship Disasters.

New York, Feb. 22.—Following are the worst peace time dirigible accidents of the last few years:

1921—British dirigible R-38, purchased by the United States government and to have been called ZR-2, broken in half while in flight over Humber River, England, August 24. Burned and fell into water. Forty-two killed, sixteen Americans and twenty-six British.

1919—Commercial dirigible caught fire and exploded over the heart of Chicago, July 5, and fell aflame through the roof of Illinois Trust and Savings Bank. Dirigible passengers and bank employees killed, thirteen.

1916—Zeppelin L-2, a new ship intended for war service, exploded over Johannisthal, Germany, October 16. Twenty-eight killed.

1914—Austrian Parseval ship, flying near Vienna, in sham battle maneuvers, rammed by military airplane, June 20; seven killed.

1912—Dirigible ship Akron, commanded by Melvin Vaniman, exploded over ocean off Atlantic City, July 1, while starting away from that place in attempt to cross the sea. Commander and four men of crew killed.

Card of Thanks

Mr. W. H. Cumpston wishes to take this opportunity to thank his many friends and neighbors for their kindness sympathy and beautiful floral oferings, during the illness and death of his wife, Mrs. Sarah Frances Cumpston.

Don't Be Hoodwinked!

THINK TWICE before you invest your money in second class Implements at a low first cost. QUALITY is remembered long after price is forgotten and the life and working qualities of every tool are the things you are buying. LOOK OUT that you don't pay dearly for what seems a bargain. JOHN DEERE and INTERNATIONAL goods have been STANDARD for a great many years and with their HIGH QUALITY and the EXPERT SERVICE MEN constantly available, TODAY offer you more for the money than any competing line. Buy SERVICE AND SATISFACTION with your money.

DO YOU NEED REPAIRS? The farming season is rapidly approaching and all farm machines should now be put in perfect order. No matter what part you may require, the opportunity to serve you will be an extreme pleasure to us. We have on hand large new stocks of repairs for both JOHN DEERE and INTERNATIONAL IMPLEMENTS as well as many other makes. Your past experience with us has demonstrated the fact to you that there are very few repairs we can't get, but if we can't get them, "we can tell you who can." So let us all get busy and make this year a record breaker for GOOD.

VOLUME 12. MARYVILLE, MISSOURI, WEDNESDAY, FEB. 22, 1922 NO. 222

GIRL'S B. B. TEAM DEFEATED HOPKINS

SCORE WAS 32 TO 15 BUT PLAY WAS FAST

WAS GOOD CLEAN GAME

Track Team Beat Basketball Boys By One Point in Indoor Baseball Contest

At the basketball game played at the high school last night the Maryville girls showed their superiority by more than doubling the score over the Hopkins sextet. The score was 32 to 15. Maryville took an early lead and maintained this lead throughout the game.

The game was fast from beginning to end and was an exceptionally clean one.

Of the visiting teams line up Masters was a fast running center and was responsible for Hopkins scoring the points she did. Dragoo was the leader of the Hopkins team in goals, making four field goals and two overhead throws, together with the shooting of the free throws for the Hopkins team.

On the Maryville line-up all the girls should be classed as stars. They played a fast clean game and their team work was almost perfect. Neva Owens played a wonderful game at running center. During the last quarter she was transferred to guard and then to forward. When she was placed as forward the Maryville team seemed to find its stride and immediately began to pile up points on their opponent. Evelyn Raines was Maryville's leader in basket tolling. She got ten of the teams field goals and shot two out of a possible four free throws. Mildred New, the local schools jumping center, was able to get the tip off almost every time and played a fine game on the middle section of the court, which resulted in the keeping of the ball most of the time in the hands of the Maryville forwards. At guards, Faye Hornbuckle and Alice O'Banion played most of the game and succeeded in keeping the two Hopkins forwards from having many open shots.

Maryville (32)

	Field	Free
Pugh, f	4	0
Raines, f	10	2
New, jc	0	0
Owens, rc	1	0
O'Banion, g	0	0
Hornbuckle, g	0	0
Total	15	2

Substitutions—L. Raines for Owens Owens for Horbuckle. Pugh and Owens were transferred.

Hopkins (15)

	Field	Free	Overhead
Dragoo, f	4	1	2
Baker, f	2	0	0
O. Myers, jc	0	0	0
Twedell, rc	0	0	0
L. Myers, g	0	0	0
McMullen, g	0	0	0
Total	6	1	2

Substitutions, Masters for Twedell, Masters for O. Meyers and Twedell for Masters.

Referee—Russell E. Sprong, basketball coach of the State Teachers College.

H. O. Ezell and Mrs. Manley the girls basketball coaches, announce that the Maryville girls will enter the basketball tournament, which is to be held in March, by the State Teachers College and that Maryville hopes to repeat the victory of last year in winning the championship of Northwest Missouri.

Before the game started last night a baseball game was held between the track and basketball teams of the boys. The track team won by the narrow margin of 1 point, 16 to 15. This is a new sport in Maryville and many of the old baseball fans who were present became inthusiastic and the cries of "Kill the Ump" and others which go with the game of baseball were heard at most every decision. The game was fast for a baseball game and many close decisions were called on runners. Mr. Sprong an dthe Reverend J. A. Cooper were the unfortunate umpires.

The lineup for last nights game was: track team—Carstens, c; Van Warmer, p; Roelofson, ss; England, fb; Blagg, sb; Hall, tb; Yehle, rf; Smith, cf; and Evans, lf. Basketball team—Aley, c; I. Miller, p; McNeil, ss; Eaton, fb; H. Miller, cf; P. Robey, tb; Chick, rf; L. Robey, cf; and G. Smith, lf.

The sport of indoor baseball is fast growing in the high school and will probably not be long until there will be contests between the different school over the country to settle the baseball championship as well as basketball and football.

BAPTIST BUSINESS MEETING HAS BEEN POSTPONED

The special business meeting of the Baptist Church which was called for tonight has been postponed and will be held in connection with the regular quarterly business meeting next Wednesday night.

The mid-week service tonight will continue the Bible study, which has been going on for the past few weeks.

BIG CROWD SAW FILM AT HARMONY

LARGEST COMMUNITY GATHERING FOR SOME TIME

SERVED GOOD CHERRY PIE

Harmony Has Only Four-Year First Class High School in Nodaway County

The largest gathering to which the farm films of the Chamber of Commerce has been shown for some time gathered last night at the church at Harmony, to witness the showing of the pictures. The church was filled to its seating capacity and a good many persons stood through the running of the films, which lasted until 11 o'clock.

The program was opened by singing "America" as a community song.

Following came a synopsis of Washington's farewell address by Donald Strader.

Then came a reading "As the Flag Goes By" given by John Sapp.

Following came another community song "A Loyal Farm Club Member" which was set to the words of "A Volunteer."

After this Mrs. Jerry Fisher gave two readings which brought generous applause from the audience.

The last number on the program before the running of the films was a quartet which gave two songs. The members of the quartet were Garland N. White, Martin Lewis, Jr., Floyd Tallman and D. R. Eversole. Miss Charlotte Green played the piano.

Following the running of the pictures, which were explained by R. P. Hosmer, the women of the church served pie and coffee in the basement. Most of the pio was cherry pie and on each of the plates was a George Washington Hatchet. Everyone did justice to the luncheon.

Harmony has made a remarkable record in the line of community improvement and shows a good community spirit It has the only four-year first class consolidated high school in the county, it was brought out at the meeting. It has a nice church and a nice modern school building. W. I. Lewis is in charge of the school as superintendent.

The following were among those from Maryville who attended the meeting. Mr. and Mrs. Fred Diss, George A. Pickens, F. R. Marcell, Cory G. Cook, Mr. Smith, Paul Kuehs, Frank Barmann, Leslie Roberts, C. W. Yehle, Eugene Yehle, Gertrude Condon, Miss Lenora Schumacher, Dr. and Mrs. Howard R. Juvenal, Clifford Hull, Miss Ella Farrell, Floyd Tallman, Martin Lewis, Jr., R. B. Montgomery Mr. and Mrs. Oren Lanning, Ralph W. Eversole, D. E. Hotchkin, Marvin H. Crawford, Fred Bellows, H. H. Mutz, L. G. Somerville, Mr. and Mrs. H. E. Miles, H. E. Turk, F. S. King, Miss Margaret Scully, Clun Price, Garland N. White, D. R. Eversole, Mr. and Mrs. Emery Airy, R. P. Hosmer, Miss Margaret Louise Hosmer, Anthony Gex, John Edward Montgomery, William Montgomery, Arch Frank and Roy A. Kinnaird.

Return From Chicago.

Mrs. H. S. Dowell and Miss Bessie Graham returned today from Chicago where they accompanied Dr. Dowell early this month. Dr. Dowell remained in Chicago to complete his course at the Illinois Post Graduate College and expects to return to Maryville next week.

A divorce suit was filed this morning by Mary Livengood against Basil H. Livengood. The Livengoods live in the vicinity between Elmo and Clearmont.

Mrs. Laura Biscoe returned today from Bixby, Okla., where she had been visiting for two weeks at the home of her daughter, Mrs. W. J. Cross.

EXPECT TO PAY MO. BONUS DURING MAY

BARRING OBSTACLES, PAYMENTS WILL BEGIN IN THREE MONTHS

CROOKS READY FOR HAUL

Commission Takes Steps to Thwart the Schemes of "Rush" Claims Through—To Study Systems.

Jefferson City, Feb. 22.—At a meeting of the state bonus commission yesterday matters relating to the payment of 15 million dollars to the soldiers, sailors and marines from Missouri, who served their country in the war against Germany, were discussed. If there is no hitch in the sale of the bonds, payment of the bonus will commence in May, probably about the middle of the month. Bids for the bonds will be received by the state fund commissioners March 1 and, if the securities are sold, the bonds will be ready for delivery not later than April 1.

The commission has been informed officially of several schemes to charge those entitled to receive the bonus for services in rushing their claims through successfully. A man in Southeast Missouri is seeking to obtain claims for the bonus and will "put them through" for $10 a claim. A young man in St. Louis had advertised:

"All who desire their state bonus to be among the first paid, kindly get in communication with me."

To Get the Bonus Free.

Upon investigation it was found this young man proposes to work the claims through for the small sum of $3, and had hopes of getting at least ten thousand customers in St. Louis alone.

It is not the intention of the commission, Adjutant General Raupp said, that those entitled to the bonus shall pay one penny, and no self appointed agent will be able to hurry a claim along. There would be rich picking among the 147,000 Missourians, who will be entitled to a bonus, if agents were permitted to charge them from $3 to $10 for rendering no service whatever.

General Raupp Heads Committee.

The commission reorganized with Adjutant-General Raupp as chairman and Colonels James Reiger of Kirksville and John D. McNeeley of St. Joseph, members. William E. Phillips of St. Louis was elected secretary at a salary of $150 a month.

It was decided to send the Colonels Reiger and McNeeley and the secretary to visit the state capitals of Minnesota and Wisconsin, where bonus claims have been paid, to ascertain the most successful methods they have pursued with reference to making payments. From there they will go to Columbus, Ohio, where payments of the bonus are just starting. It is said that Ohio has profited greatly by the mistakes of Minnesota and Wisconsin.

TO HAVE BASKET SUPPER AT PRESBYTERIAN CHURCH

People are Asked to Bring Filled Baskets—Tables and Coffee Will be Ready.

A basket supper will be given at 6:30 o'clock this evening at the First Presbyterian church, under the auspices of the Women's Bible Class of the church.

"Come at 6:30 o'clock. Bring enough for you and your folks. Tables and coffee will be ready. We will pool the good things and all have the fellowship of a meal together. Come, even though you are unable to prepare anything. No one has yet gone away hungry,—so read the announcement in last Sunday's bulletin regarding the supper.

Those who cannot come at 6:30 o'clock are invited to go at 7:30 o'clock, at which time slides showing the work of the Presbyterian church in its mission fields in Porta Rica will be run. Some new plans for the mid-week meetings at the church will also be discussed. The choir will rehearse at 8:30 o'clock.

Jonathan Stark left yesterday afternoon to visit his daughter, Mrs. Charles Turner, and Mr. Turner in Aurora, Mo. From there he will go to Oklahoma to visit a brother living near Bartlesville, and he expects to be gone for four or five weeks.

Box Supper at Bunker Hill School

There will be a box and pie supper at the Bunker Hill School, three miles northwest of Parnell Friday, February 24. Miss Blanche Silvers is the teacher. Everybody is invited to come.

ONE OF TRENTON GAMES HAS BEEN CALLED OFF

Battle Scheduled Here Tomorrow Evening Will Not Be Played—Will be Game Friday Evening

The basketball game that has been announced to take place here on Thursday evening between the team of the Trenton High School and the Maryville High School has been called off by an agreement between the coaches of the two teams, it was announced this morning. The game announced for Friday night between the two teams will be played according to schedule, however.

The Maryville team defeated the Trenton squad on Trenton's court several weeks ago and is thought to have improved a great deal since then. This means that the Trenton team will have to show some exceptional good form in order to win a victory over local team. H. O. Ezell, coach of the Maryville team, says that Trenton has a fine five-man defense that is hard to penetrate.

UNDEFEATED S.T.C. GIRLS WILL PLAY

MEET CENTRAL COLLEGE TEAM AT 7:45 O'CLOCK

"RAZZERS" TO PERFORM

Central Has a Record of Six Victories And Two Defeats so Far This Season

The State Teachers College Girls team will meet a formidable team indeed when they mix with the Central College sextet tonight on the high school court. The visitors have an enviable record and are a team to count high as basketeers. The game will start promptly at 7:45 o'clock. Miss Mary MacLeod, coach of the local college team, has not announced what her line-up will be but it will likely to be the same combination that has started against the other teams that Maryville has played.

The Central College team arrived in Maryville at noon today accompanied by Coach Shaw. Eight girls made the trip. This is the third game of a series of five that they are playing. They met and were defeated by Missouri Wesleyan College at Cameron Monday night by a score of 10 to 9. Last night they defeated Missouri Christian College of Camden Point by a score of 21 to 9. Tomorrow night they will play St. Thresa Academy in Kansas City and Friday night they will play Notre Dame in Kansas City.

The Central College team has won six games and lost two this season. They won twice from Hardin College and once from Kirksville High School, Jefferson City High School, Fayette High School, and were defeated by Bellflower High School and Missouri Wesleyan College. The score of the Bellflower game was 20 to 2.

As a special attraction tonight the "State Teachers College Razzers" will make their first appearance. This is an organization made up of twenty of the men at the college and for the purpose of arousing pep at the games. A special feature will be "pulled off" between halves.

RALPH YEHLE INJURES KNEE AT COLUMBIA

Accident to Maryville Boy Cripples Tiger Squad in Coming K. C. A. C. Indoor Event.

The following story was carried in the Columbia Missourian Monday regarding Ralph Yehle, son of C. W. Yehle of Maryville:

Ralph Yehle, high jumper on the Varsity track squad, sprained his right knee Friday afternoon while practicing at Rothwell Gymnasium. The accident happened when he came in contact with the soft landing mat after clearing the bar. He was taken to Parker Memorial Hospital. The condition of his leg is not serious.

The injury comes at a most inopportune time. Next Saturday the Tiger track team enters the K. C. A. C. indoor meet at Kansas City. Yehle was expecting to perform there. The accident will keep him out of this competition, and will keep him off the track for some time, in all probability.

Won't Show Films Tonight

The Nodaway County Films of the Chamber of Commerce will not be shown at the Rose Hill School, as was scheduled, on account of the rain making the roads muddy.

SELECTED BREEDING PENS AT 2 FARMS

HOLIDAY AND LAMAR FLOCKS GONE OVER BY KINNAIRD.

STOCK OF HIGH QUALITY

By Fall Certified Stock From Leading Breeds Will Be Available in Nodaway County.

Breeding pens were selected this week from the flocks of Clay Holiday at Graham and of Robert Lamar at Elmo by Roy A. Kinnaird, county agent. From each flock Mr. Kinnaird selected for the breeding pen the hens that were true to the type of breed and free from any standard disqualification and which also had the indications of being the best producers in the flock.

Mr. Holiday's flock is composed of 300 brown leghorns and from this number Mr. Kinnaird selected 115 for the breeding pen. Mr. Lamar has over 300 Buff Orpingtons and from his flock Mr. Kinnaird selected sixty five for the breeding pen.

In both the flocks the hens will be mated with certified cockerels, which are to be purchased from breeders co-operating with the poultry department of the Missouri Agriculture Extension service and are carrying on certified breeding.

In the certified breeding project poultry specialist of the extension department select the breeding pen of hens in the fall. Every hen selected for this pen must measure up to the highest standard for production and at the same time be typical of the breed. The hens must also be free from any standard disqualifications.

These hens are mated with pedigreed cockerels which are the sons of hens having a trap nest record of 200 or more eggs a year.

The young stock resulting from this mating is inspected by poultry specialists and all which measure up to the standard of the breed in type, color and vigor are certified by the poultry department. The inspector placing a wing band on the bird in such a way that it cannot be removed.

It is cockerels of this type that Mr. Holiday and Mr. Lamar have purchased for their flocks. In other words they are grandsons of hens having trap nest records of 200 or more eggs a year, and sons of the very best hens in the flock, selected both for production and breed type.

Mr. Holiday will use only eggs from his selected pens for hatching purposes this year and Mr. Lamar expects to have his entire breeding flock for next year produced from his selected pen.

Mr. Holiday and Mr. Lamar will put on the market for the breeders such surplus of eggs as they do not need for their own use in hatching.

Mr. Kinnaird said this morning that by next fall there will be available in Nodaway County certified cockerels from some of the leading breeds, since several flocks were certified last fall by specialists and will have young stock to sell this fall.

IT IS A GLORIOUS RAIN WE ARE GETTING TODAY

A Half-inch Had Fallen at 1:30 o'Clock and Still It Came—People are Happy Inspite of Gloom

"Rain and thunder storms this afternoon and colder," says the weather man today.

It rained a little during the night last and since along in the morning it has been raining gently and steadily. J. R. Brink, weather observer, said at 1:30 o'clock today that a half inch of rain had fallen.

The rain is about the best thing that could happen just at this time, owing to the dry condition of the fields. Wheat has been suffering from drouth for several weeks. There has scarcely been a rain or snow since the first of the year to wet the ground to any depth. Many of the farmers and town's people are setting back today rejoicing over the rain that is falling.

MARX OSER IS 40 YEARS OLD TODAY

Zurich, Switzerland, Feb. 22—Marx Oser who is betrothed to the sixteen-year-old Mathilde is forty years old today, declared the municipal records here.

Pay $1.22 a Bushel for Wheat.

Emporia, Kan., Feb. 22.—Local mills paid $1.22 a bushel for wheat yesterday, the highest price this winter.

NO GENERAL ELECTION IN IRELAND BEFORE MAY

Hostile Factions Have Reached a Compromise on the Peace Treaty, It Is Said.

Dublin, Feb. 22—Following the compromise it was announced today that there will be no general election in Ireland before May. The free state constitution shall be the campaign issue. The Dial Eireann shall meet regularly. No party vote shall be taken requiring resignation of Griffith or the Dial cabinet.

London, Feb. 22.—Hostile factions of the Sinn Fein have compromised on the peace treaty, says the Central News Despatch Exdublin.

CONFERENCE WOULD AVERT DEMANDS

MAY DO AWAY WITH 6-HOUR DAY AND 5-DAY WEEK

OPERATORS TAKE PART?

Lewis Says, However, He is Ready to Fight and "To Go Through" In Challenge Today

Chicago, Feb. 22.—It was declared today by high authorities that if coal miners' representatives confer with the operators before April 1, the date of the threatened coal strike, there will be a fight for the six-hour day and five-day a week program. There will be other concessions, too, it was said.

Illinois operators said "if the law allows" they will be willing to take part in the conference.

Chicago, Feb. 22—"We are ready to fight. We are ready to go through," said President Lewis today as he hurled a challenge toward the coal operators in an opening address to delegates assembled for the defensive alliance of miners and railroad workers.

SECURE SERVICES OF HARPISTS FOR MUSIC WEEK

To Appear on the Opening Night, Which Will Be May —To Have Big Municipal Chorus

Charles R. Gardner, head of the conservatory of music of the State Teachers College announced today that the committee had secured the services of the Selzedo players in a harp ensemble for the opening night of the Musical Festival Week that is to be held in Maryville in May. The harpists will appear on May 11.

Another feature of the week will be a municipal chorus to be given on Sunday evening at the Christian church. At this chorus Charles R. Gardner will be the organist and he will be assisted by Thomas H. Annett, pianist, and Christian D. Kutschinski, violinist.

TO HAVE ASSEMBLY PROGRAM.

Senior Class of High School Appears Tomorrow.

The advance senior class of the Maryville High School will present an assembly exercise tomorrow at the high school. It has been a long time since an assembly program has been presented at the high school on account of the graduating class using the stage for practice and also the "Patricia" cast using the stage. Now there will be an assembly every week. Nothing can be made public about the assembly which is to be presented tomorrow as the senior class refuses to tell the plans concerning it.

PUT IN NEW SKYLIGHT

Getting Ready New Health Department Headquarters

A skylight has been placed in the northeast corner room of the second floor of the Tribune building, which is one of the rooms to be occupied by the Nodaway County health department. The skylight is a good one and lights the room well. The other repair work for the departments quarters are being carried on and it is probable that within a week the department can move in.

To St. Joseph Banquet

Dr. R. C. Person, commander of the James Edward Gray Post of American Legion, and Walter Todd went to St. Joseph this afternoon to attend a banquet at the St. Charles Hotel tonight of the new organization of "Homes 40, Chevaux 8."

A marriage license was issued this afternoon to Ted H. Wright of Graham and Mamie Nowling of Skidmore.

34 DEAD IN ROMA WRECK YESTERDAY

LIBERTY MOTOR AND CONTROL BLAMED FOR ACCIDENT.

BLOW TO AIR TRAVEL

Investigation Will Be Made—Was Considered the Safest Aircraft That Was Ever Built.

Hampton Roads, Va., Feb. 22. — All but one of the victims of the ill fated Roma perished in the blast which wrecked the ship. The exception was Lieut. William E. Riley of New York, whose parachute failed to open when he jumped from the ship. He fell on a concrete roadway crushing his head. The latest report states that thirty-four lives were lost in the disaster.

Norfolk, Va., Feb. 22.—Lieut. Byron G. Burt, elevating pilot of the Roma, the only active flight officer of the ship Roma, who survived, blamed the crash to failure of some of the control instruments. He told the International News Service that the ship refused to respond while 600 feet in the air. This caused the ship to dive into the ground at an angle of forty-five degrees. Lieut. Burt declares that the reason his life was saved was that he was thrown into a ditch as the giant bag rolled over on the ground and thus he gained protection from the serious blast of the burning hydrogen.

Washington, Feb. 22.—The war and navy departments gloomly declared a searching investigation would take place and experts declared that the explosion will advance the use of helium gas instead of hydrogen. Helium is non-inflamable. Congressman Julius Kahn, chairman of the house committee on military affairs, declared that experiments with lighter air crafts must not cease.

London, Feb. 22—The British air minister sent a telegram of condolence over the loss of the Roma and the thirty-four men.

Hampton Roads, Va., Feb. 22—Eleven survivors of the Roma disaster blame the catastrophe to broken elevating controls and the Liberty motors were substituted for the original Italian engines.

Langley field, Va., Feb. 22—Officials of the army in an explanation blame the crash of the Roma to a failure of the controls to function. The bag caught fire following the explosion which was due to contact with high tension electric line in the fall. Officials declared that a large number of the casualties was due to the explosion and the result of the fire.

New Port News, Feb. 22—Included in the official casualty list of the Roma was Private Marion Hill of Newton, Ill., dead; sergeant Harry A. Chapman, St. Joseph, Mo., dying; Lieutenant Clarence E. H. Welch, Omaha, Nebr., injured; Staff Sergeant Marion H. Beall, LaPlata, Mo., dead.

Norfolk, Va., Feb. 22.—General Patrick, chief of air service, informed the International News Service that the Preliminary investigation showed that the Roma disaster was due to faulty elevating control. He termed the disaster as "A great blow to the air service."

Berlin, Feb. 22—Brigadier General Mitchell, assistant chief of the United States Air service, who has just arrived in Berlin, declared he considered the Roma "the safest ship that ever took the air. We had no fears for the Roma," he said greatly shocked and grieved.

Marriage Licenses.

License to marry was issued at Recorder Baker's office yesterday to George Orr Kinman and Roberta Lamar, both of Elmo, and William Stiea and Anna Lehmer, both of Maryville.

THE WEATHER

Rain and thunder storms this afternoon and colder.

LARGEST CIRCULATION IN NODAWAY COUNTY

THE WIRELESS TELEPHONE

People have become so accustomed to scientific marvels that the wireless telephone and its popular use for broadcasting messages, fails to attract the wonder it would have caused years ago. The impossible so frequently becomes the commonplace of daily life, that few persons are surprised at any new development no matter how amazing.

Wireless telephone is only in its infancy, and it is impossible to predict how far it will go. There is one very important service that it will render, and that is to permit people living in country districts to enjoy music and lectures and addresses delivered in city centers. Fine concerts and operas will be made accessible over a wide range of territory by wireless telephone.

People living in remote homes will sit in their living rooms and hear masterpieces of music played in the big city concert halls. Political orators will have messages conveyed over the country through radio instruments.

One more step will be taken to break down the isolation of rural localities, and people who are a long distance from their neighbors will be in close touch with the world of activity in centers of population.

Such methods of communication must be a boon to invalids and shutins and elderly people, who are cut off by inability to attend public gatherings. The wireless telephone will bring into their secluded rooms the activity of the outside world, and their life will seem less limited. Such folks will enjoy church services without stirring from their homes. A development like this is not merely a scientific marvel, but it will do wonders to keep people in touch with the movements of the times.

OPPOSITION DEVELOPS PATRIOTISM

If those who wrote the Wood-Forbes anti-Philippine independence report believed they were thus placing the aspirations of a nations of people indefinitely on the shelf, their work was in vain.

Instead of acting as an anesthetic to the hopes and desires of the Filipino people, it has served only as a stimulant. To use subterfuge in opposing the just and righteous nationalistic ambitions of a people is only to fan the flames of patriotism of that people. History reports this fact over and over again. The Filipino desire for independence is today stronger than ever. The Wood-Forbes recommendations have intensified it.

Isauro Gabaldon, Resident Commissioner from the Philippines, in his speech on the floor of the House of Representatives, stated the whole situation when he said:

"The recommendations made by the mission are unsatisfactory to my people. We can neither agree to them nor accept them. We can reach no other conclusion than that the object of the investigators was to find excuses for delaying independence instead of to fulfill the promise of independence upon the establishment of a stable government contained in the Jones law of 1916.

"We can only feel that in deciding upon our fitness for independence the members of the mission set an arbitrary qualification that no government on earth can now or ever will be able to meet. If we must wait until we are 100 per cent efficient, which is seemingly the standard the mission would require of us, our prospects are hopeless. The editorial opinions of many American newspapers fully uphold our contention that the mission has set a qualification for us that the United States itself does not approach.

"My answer to the Wood-Forbes report is to demand anew, and with more emphasis than ever before, the immediate granting of independence to the 10,500,000 inhabitants of the Philippine Islands. I insist that this is the only logical righteous answer the Filipino people can make to this report, because it does not contain a single justifiable reason for America to longer postpone the keeping of its solemn pledge to us. The Jones law promised us independence upon one condition, the establishment of a stable government. I submit, therefore, that the Wood-Forbes report could have justified the further delaying of independence only by proving that we have not yet established the specified stable government. We today have such a stable government. The report absolutely failed to disprove this fact. As the mission could not successfully meet the real issue involved, it proceeded to ignore it.

"The report is a clever but unworthy attempt to change the issue from that of stable government to a multitude of other conditions not required by Congress. If this can be done, then independence should be denied us by such subterfuge. Having a stable government, we ask immediate and complete independence."

The Filipino people desire their independence, and in the language of Camilo Osias, President of the National University, Manila, "they will be satisfied with no other earthly existence."

SHIP INDUSTRY HAS BOOM IN GERMANY

Hamburg Has been Found by America To Have Regained Her Prewar Tonnage in Building

New York, Feb. 22—"Ship-building industries are flourishing in Germany as never before in that country's history. The port of Hamburg, for instance, during the year just passed, regained her full pre-war tonnage."

This is the news that was brought by Emil Lederer, passenger traffic manager of the United American Lines, back from Europe.

Lederer said he was astounded at the rapid strides made by Germany in rebuilding her merchant marine. While in Holland he conferred with Averill Harriman, president of the United American Lines, regarding the purchase of two new vessels to be put into the passenger service of the company.

"In the Resolute and Reliance, which we have recently acquired, we will have two of the finest vessels in the world. The Resolute will arrive here in April and the Reliance in May."

Forumettes

It takes courage to live,
Not only courage but hope,
And strength and faith and
Humor, and these are only
Brought by pain and tears and
work.

This is the birthday of the man who never told a lie. He must have been a lonesome one indeed.

Cheer up! It will not be many days before the crocuses of spring will be up.

Not many more five-cent cigars have appeared but a lot of nickel ones are still selling for eight cents and a dime or more.

People are funny. The average man will not wear anything unless some other man wears the same thing while the average woman will not wear anything that any other woman wears.

Most any woman will feel like five cents if her neighbors catch her shopping in the ten-cent store.

Our bachelor friend advises Maryville swains who feel that they can't live without a certain girl to marry and find out.

Uncle Abner, the town philosopher, says hard luck never cuts much figure with pluck.

Our neighbor's little boy asked his mother to tell him a story the other evening and she told him to ask his father as he was an expert at fairy tales.

A lot of people who are not little are small.

One of our friends tells us his auto radiator has developed the denatured alcohol habit badly. "It is just like a good many fellows who hit up the stuff" he says. "Can't move in the morning unless it has a shot."

"Beauty is only skin deep" we hear quoted. It is frequently only rouge deep.

Although work and shirk rhyme there is no connection between them.

Louise, the stenographer, says it is pretty hard to paddle your own canoe if you have no canoe to paddle.

Would you not like to see a girl again who could blush without the aid of a paint brush.

We saw the name of a man on the concert program the other night and remarked to a friend that we did not know he could sing. "He can't," replied our friend, "but he doesn't know it."

Would you do away with an enemy? Then make him your friend.

SKIDMORE VS. ELMO FRIDAY.

Teams to Meet for First Time of the Year.

The Skidmore high school basketball team will meet the Elmo high school team at Skidmore Friday night. This is the first game to be played btween Skidmore and Elmo, so nothing is known as to their relative strength. The Skidmore team so far has met with success with its playing and recently challenged several teams of the surrounding towns. Martin Lewis, Jr., will referee the game Friday night.

Holmes Agencies' Sales.

Sherman Pierpoint has sold 40 acres of land, two miles southeast of Arkoe, to Joe Dobbins for $3,400.

Frank Schumacher has sold his 6-acre tract, just north of Maryville, to John Renfrow for $6,000.

Mr. Renfrow sold his residence property on North Fillmore street to Frank Schumacher for $4,500.

Will Myers has sold his 100-acre farm four miles southeast of Maryville, to Joseph Everhart for $21,000.

Mr. Everhart sold his property and a tract of land in Pickering to Mr. Myers for $8,000.

The above deals were all made through the G. B. Holmes real estate agency.

It Requires Small Boy to Give Real Verdict Upon Founder of This Nation

By International News Service

New York, Feb. 22—It takes the small schoolboy with his native admiration and frank open-heartedness to express his innermost feelings when speaking or writing of George Washington, the father of our country and the founder of our nation. It is with deep thrill and emotion that he takes up his history book to learn of the country's greatest statesman and leader. It is with a deeper thrill when he takes up his pen to express his thoughts and feelings. Read what one New York schoolboy wrote of the man among men:

"We find, as we go through history, no man who surpasses Washington as a soldier. There are few, if any, who have had the wonderful personality and ability to control men that Washington had. During the dark days of the Revolution there was one man who always managed to remain hopeful and this man was Washington.

"After the war the thirteen colonies were as thirteen logs drifting around on a high sea. Statesmen argued and proclaimed the situation hopeless. Finally, with the ever steady hand of Washington as a guide, a constitution was formed and adopted—one which even exists to-day. Then it was necessary to find a pilot for this newly-formed ship of state. Washington was unanimously chosen. Even to-day there is not a statesman of the past whose influence is felt more in American politics than that of George Washington.

"His traits of character may well be summed up in the few words 'First in war, first in peace, and first in the hearts of his countrymen.' Lincoln was merely a statesman and Grant was a soldier, but Washington, the equal of either, was truly a man among men."

RURAL CHURCH DEMANDS WELL TRAINED LEADERS

Country Minister Must Adopt Constructive Program or Fail, Says E. L. Morgan

Columbia, Feb. 22—"The rural church to succeed must have ministers trained in rural problems, who will give the church a constructive program," said Prof. E. L. Morgan in the third of a series of lay services at the Broadway Methodist Church. His subject was "Some Factors Which May Determine the Future Rural Church."

"The farmers of America are today doing pretty much their own thinking and acting on their thinking. They think in the same line about the church as they do about other farm interests. If the farmers do not like the county agent they tell him so and he does not stay long in that county. If a farmer does not like the minister's sermons he stays at home and is away from the house when the minister calls."

"The rural church is using the same methods it used fifty years ago. The preacher is preaching the same kind of sermons, and the church is trying to exist on this fifty-year old program when the farmer is thinking in terms of today, and every other organization of the community has been brought up to date. The school is an example of this."

"The farmer at the present time thinks in the world terms. He thinks in fairly straight lines and has good agricultural leadership," emphasized Professor Morgan.

"The rural school has these alternatives; it can close up its doors, or, it can swing over to more of a social program and become more a club and it can give the type of service which the farmer cannot refuse and train ministers to do this," he said.

"The success of the rural church in the future will depend on whether trade centers, such ac Columbia, in pushing their trade territory further into the country communities absorb the smaller communities and the rural church; whether the rural church assumes a progressive stage in common with agriculture, to do which it must throw open its doors to secular things; and whether its leadership responds to a modern constructive program."

"The rural church, to succeed, must have ministers trained in rural problems," he concluded, "who will give the church a constructive program."

Charles Frederick Cooper.

Mr. and Mrs. Bert Cooper announce the birth of a son Friday night at the home of Mrs. Cooper's mother, Mrs. Theodore Snowberger near Graham. The baby has been named Charles Frederick. Mrs. Cooper was formerly Miss Eula Snowberger.

HAS PNEUMONIA REMEDY.

Excelsior Springs Woman Sends in a Recipe.

A reader of the Democrat-Forum at Excelsior Springs sent in the following remedy, which she says is wonderful in the case of pneumonia:

Dear Editor: I will send you a pneumonia remedy.

Make a sack as large as the lungs, fill with hops, put vinegar in a pan and heat it, put the sack in vinegar and ring out, apply hot, have two sacks for changes.

This remedy has saved some of my friends here that the doctors had given up.

Yours truly,
Mrs. C. L.

Auction—We will sell at auction at our home place, 1024 North Mulberry St., a lawn swing, refrigerator, lawn mower, household furniture, etc., Monday, Feb. 27, at 2 o'clock p. m. S. M. Redfield.

WALLACE EXPLAINS FARMERS' AID PLAY

SECRETARY SEES HOPE IN THE MARKET LAW.

SAFEGUARDS THE PUBLIC

Says Capper-Volstead Act Will Assure Better Prices for Products and Protect Consumers.

Washington, Feb. 22.—Asked to explain the significance of the Capper-Volstead co-operative marketing law, just signed by the President, Secretary of Agriculture Wallace yesterday made the following comment:

"The Capper-Volstead co-operative marketing law, signed by the President Saturday, is the result of several years of effort on the part of farmers to clear up their legal, and, therefore, their economic slates, from a national standpoint.

"The new law expressly authorizes farmers and others engaged in the production of agricultural products, including nut and fruit growers to act together in associations for marketing their products collectively in interstate and foreign commerce.

The Public Is Safeguarded.

"On the other hand, the interests of consumers and the public generally are safeguarded, since the secretary of agriculture is authorized to proceed against an association of this sort if he finds it is operating in restraint of trade to the extent that prices of farm products are enhanced unduly. For such cases a special proceeding is authorized. The secretary of agriculture will hold hearings and determine all the facts before action is taken in the courts.

"These associations may incorporate or not, according to the wishes of their members, and have capital stock if they so desire. They also may have marketing agencies in common. They must be operated for the mutual benefit of their members, but also may deal in the products of non-members, with the express limitation that the value of such products must not exceed the value of the products of their members. It is required that they comply with either of the provisions that no member shall have more than one vote and that dividends shall not exceed 8 per cent.

Farmers to Bargain Collectively.

"Farmers always have felt that conditions governing the marketing of their products are essentially different from those governing the marketing of the products of other industries, and that if they are to be on a comparable basis without being deprived of individuality in production, they must have the right to bargain collectively.

"The new law expressly recognizes these contentions and greatly reduces the possibility of litigation which farmers' marketing associations have faced frequently in the past when they have associated themselves together for their mutual benefit."

WILSON FUND HALF MILLION.

New York, Feb. 22.—More than $500,000 was raised in the first month of the nation-wide movement to establish the Woodrow Wilson Foundation, Franklin D. Roosevelt, chairman of the national commitee, announced here today.

Partial reports from the state chairmen of the movement, based on the returns up to February 15, just a month from the opening of the active campaign, showed that more than one-half the minimum goal had been attained, Mr. Roosevelt said. Although the campaign is actively under way in every state in the country, many of the state chairmen were unable as yet to estimate the amounts raised in their states toward the fund of $1,000,000 or more to endow the Woodrow Wilson Awards.

"The response to the appeal throughout the country has been wonderful," Mr. Roosevelt said. "When one considers that the half million dollars raised in the first month represents a vast number of small contributions, the result is remarkable. These contributions, coming in the most part from persons of very moderate means indicate the faith of the doners in the principles that Mr. Wilson upheld and a desire to honor a great American for the ideals for which he stood.

"In the proportion of its quota raised, North Carolina leads the country. Mrs. Josephus Daniels, the chairman, reports that 71 per cent of the amount assigned to the state has been raised and that the contributions are still coming in steadily.

Oklahoma and the District of Columbia, each of which has raised about two-thirds of its quota, stand second and third. Eight other states have finished at least half their work. They are Minnesota, Tennessee, Delaware, Kentucky, Connecticut, New Jersey, Oregon and Wisconsin. And in the remaining states that have reported the movement is progressing rapidly.

A DROP IN WHOLESALE PRICES.

Figures for Last Month Show Decline From Same Period in 1921.

Washington, Feb. 22. — Wholesale prices on the average approached slightly nearer the 1913 level in January, according to information made public yesterday by the bureau of labor statistics of the department of labor. The bureau's weighted index number, based on 100 for the 1913 wholesale price level, stood at 148 last month, compared with 149 in December and 177 in January, 1921.

Prices generally last month represented a decline from the same month of a year ago to 16 per cent.

Mrs. Thompson Leaves.

Mrs. Anson Thompson, who has been spending the winter in Maryville at the home of her daughter, Mrs. W. W. Turner, and family, left Saturday night for her home in Petersburg, Ill.

Lowry's Letter

Now that the rains have come, let's get ready to sow that clover and timothy seed. Remember we have a full line of choice seeds.

We are handling package garden seeds, too, this year. The Fresh new stock came in Monday. Better make your selections now while you can get your choice.

C. E. Richey is chauffeuring his own Model 15 SAMSON MOTOR TRUCK now. He will deliver ice with it when the warm days come.

L. E. Fink is equipped now with a good used Ford truck. He will haul your stock to market if you wish.

Neighbor Byer's is pumping water with a new pump. Roy put it in for him yesterday.

E. F. Hammond made himself secure by buying a two row listed corn cultivator while he could get it for $45.00. The next shipment will be $50.00, and if you will investigate you will find that is a good price—don't pay more. They are self balancing, too.

If you have had trouble breaking singletrees, or if you don't want to break any, get some of our guaranteed ones.

Mrs. F. W. Jones probably cooked an early breakfast this morning on that new oil stove the boys delivered to her yesterday.

Cecil A. Boring was here early Monday morning, from the west part of the county, to get a set of STEER HIDE HARNESS.

Take note of these bargains:

P. & O. Combined, riding lister	$70.00
14 inch Rock Island Walking Plow	$14.00
16 inch Rock Island Walking Plow	$16.50
14 inch John Deere Walking Plow	$15.50
14 inch P. & O. Walking Plow	$15.50
16 inch P. & O. Walking Plow	$17.00
16x16 I. H. C. disc harrow	$45
Overland Touring Car, (used)	$50.00
Ford Touring Car, (used)	$100.00
Ford Roadster (used)	$150.00
2½ H. P. used engine, good shape	$25.00

THESE PRICES VOID AFTER MARCH 4th and subject to stock on hand.

Early implement buyers are saving money here. Don't be persuaded to pay high prices for implements this year. Every one of the implements we sell is fully guaranteed and backed by the largest repair stock in north Missouri.

HARDWARE AND IMPLEMENT CO. LOWRY MARYVILLE MISSOURI

JAYHAWKERS BEAT TIGERS IN LAST NIGHT'S GAME

Score Was 26 to 16—Kansas' Star Player Could Not Enter the Game On Account of Grades

The Jayhawker twisted the Tiger's tail.

Last night the University of Kansas basketball team defeated the strong Missouri quintet in a 26 to 16 battle on the latters court at Columbia. It was a battle but Kansas was primed to win and did. The first half ended with the score 12 to 10 in favor of the visitors. The guarding of Black and Endacott, Kansas guards was the feature of the game.

Kansas played without the services of the speedy Woestemeyer. Coach Allen received word just before the game that the fast Kansas player was ineligible because of his standing in classes.

Kansas started the scoring with a free toss by Rody and they remained in the lead all through the game. Rody was high point man with his trio of baskets and sextet of free tosses.

Missouri was held to five baskets while the Kansans dropped ten shots through the meshes.

The score:

Missouri—	G.	F.	T.	F.
Browning, f	2	0	0	
Knight, f	2	0	5	
Vanice, f	0	0	0	
Bunker, c	0	0	3	
Bond, g	1	6	1	
Hays, g	0	0	3	
Faurot, g	0	0	1	
Totals	5	6	13	
Kansas	G.	F.	T.	F.
Rody, f	3	6	1	
McDonald, f	0	0	0	
Frederick, f	0	0	0	
Bowman, f	2	0	4	
Wulf, c	1	0	2	
Black, g	1	0	0	
Endacott, g	3	0	2	
Totals	10	0	9	

Referee—E. C. Quigley, Kansas.
Umpire—Leslie Edmonds, Ottawa.

IOWA PAPER COPIED STORY OF COOPER'S SERMON

The story carried recently in the Democrat-Forum of the sermon on "The Power of Friendship," preached by the Rev. J. A. Cooper, pastor of the First Baptist Church, was copied in the Shenandoah, Ia., Tri-Weekly Sentinal Post in its last issue.

$393,500 HAVE BEEN PLEDGED FOR M. U. FUND

Freshmen at University Expected to Pledge $30,000 Toward Memorial Building Alone

Columbia, Mr., Meb. 22—Returns for the first day of the Missouri Memorial Campaign from St. Louis, Kansas City, and the student campaign in Columbia total $71,500. This brings the total amount thus far pledged for the Memorial Building in this and previous campaigns to $393,500.

The freshmen and new students in the University had pledged $38,500 by 2 o'clock yesterday afternoon. St. Louis headquarters reported that $18,000 had been pledged there during the first day and Kansas City reported $15,000. No reports have been received from any other cities thus far.

The subscription list in St. Louis yesterday was headed with a $1,000 pledge by the St. Louis Globe-Democrat. Former governor David R. Francis, who subscribed $1,000 to the Memorial last year, has been an active worker in the St. Louis campaign. Dr. I. L. Sutton of Kansas City who subscribed $1,000 to the campaign Saturday added another $1,000 to his subscription yesterday.

It is expected that the freshmen and new students here will pledge $50,000 before the campaign is ended.

Sawyers & Zimmerman

R. P. Hosmer, Auctioneer. Jos. Jackson, Clerk.

The J. C. Kessler Public Sale will be held at the farm, 6 miles west of Maryville, on Friday, February 24, 1922, commencing at 10 o'clock sharp.

Social Affairs and Clubs

Royal Neighbors.

The Royal Neighbors will meet at 2:30 o'clock Thursday afternoon at Modern Woodman Hall. An important business session will be held and all the members are urged to attend.

Mrs. Ford Hostess

The Woman's Missionary Society of the First Presbyterian Church will meet tomorrow afternoon at the home of Mrs. J. A. Ford, 132 South Main Street. Mrs. L. H. Evans and Mrs. Clara Heath will be the assisting hostesses.

Westminster Guild.

Miss Helen Todd was re-elected president of the Westminster Guild of the First Presbyterian Church last night at the regular meeting at the home of Miss Nora Ritze on North Mulberry street. Other officers for the coming year were elected as follows: Mrs. Karl Zimmerman, vice-president; Miss Nell Hudson, secretary, and Miss Nora Ritze, treasurer. Mrs. R. C. Person was the leader of the program on "The Foreign Missionary—Motive and Aim." Following the election of officers refreshments were served by the hostess, assisted by her sister, Mrs. Clara Heath.

Lamar-Kinman Wedding.

The marriage of Miss Roberta Lamar, daughter of Mr. and Mrs. R. T. Lamar of Elmo, and Orr Kinman took place at high noon today at the home of the bride's parents. The bridal couple entered to the strains of "Mendelssohn's Wedding March," played by Miss Clary Weber Lamar, sister of the bride, and during the ceremony "The Flower Song" was softly played. The Rev. E. J. Speer, pastor of the Methodist Episcopal Church, South, in Elmo, performed the ceremony in the presence of a small company of relatives and close friends of the couple. The bride's gown was of white crepe over white satin, and she carried a shower bouquet of white carnations and lilies of the valley. Following the ceremony a four-course dinner was served. A pink and white color scheme prevailed in the decorations and dinner appointments. The bridal couple will leave this evening for a wedding trip to Kansas City, and after March 1 they will be at home in Maryville. The bridegroom is the son of Mr. and Mrs. C. H. Kinman of Elmo.

Golden Wedding Anniversary

A party of neighbors surprised Mr. and Mrs. W. A. Bailey at their home, 303 South Vine Street, last night on the occasion of their golden wedding anniversary. The evening was spent socially and Victrola music and several instrumental solos by Miss Venice Bratcher were enjoyed. The guests presented Mr. and Mrs. Bailey with a cluster of flowers. Mrs. Bailey was assisted in serving refreshments by Miss Margaret Sorrie.

Mr. Bailey and Miss Ella Lackey of Hartford, Connecticut, were married on February 21, 1872, in Dayton City, De Kalb county, Mo., and for a few years following their marriage they made their home in Maysville. They came to Maryville forty-seven years ago and have been residents of this city since. In 1862, Mr. Bailey enlisted in Company C, Nineteenth Iowa Volunteer Infantry, as a private. He served through the war, participating in the most active campaigns, and received a wound at the battle of Prairie Grove. Until his retirement from business several years ago Mr. Bailey was actively engaged as a contractor and builder for a number of years. An interesting feature in connection with the anniversary celebration was that this was the fourth one in the Bailey family to be observed, Mr. Bailey's parents, the late Colonel and Mrs. J. P. Bailey of Ainsworth, Iowa, celebrated their fiftieth wedding anniversary in 1883. His brother, H. H. Bailey, and Mrs. Bailey of Portland, Ore., observed their golden wedding anniversary in 1908, and another brother Charles Bailey, and Mrs. Bailey of Washington, Ia., had a golden wedding anniversary in 1915.

Tourist Department Meeting.

Mrs. C. C. Hellmers was hostess yesterday afternoon at the February meeting of the Tourist Department of the Twentieth Century Club at her home on West Third Street. Mrs. Hellmers told of the importance of parliamentary law, and Mrs. Lincoln Bent was in charge of the first program on Alaska. Mrs. W. H. Campbell gave a history of the country, and Mrs. H. R. Juvenal told of the Federal railway to the interior of Alaska the construction of which was authorized by Congress in 1914. Mrs. C. F. Remus gave a sketch of Robert Edwin Peary, famous Artic explorer, and Stefansson, a Canadian explorer. Mrs. Hellmers conducted the parliamentary drill and discussed the topic of voting. Plans for the club year were discussed and the members decided to take up the study of the United States for next year. At the meeting yesterday Mrs. Harry Hudson and Mrs. W. W. Stanfield were received as new members. At the March meeting of the Department at the home of Mrs. J. H. Gray the second program on Alaska will be given.

Mary Lawrence Circle

The Mary Lawrence Circle of the First Christian Church will meet at 7:30 o'clock tonight at the home of Miss Gertrude Condon on West First Street.

Lehmer-Stien Nuptials

Miss Anna Lehmer and William Stien were united in marriage at 8 o'clock this morning at St. Mary's Catholic Church, the Rev. Father Pius officiating. The bride wore her traveling suit of blue tricotine with picture hat and gloves to correspond. Miss Emma Lehmer, sister of the bride, wearing a blue suit, acted as bridesmaid, and Fred Stien, brother of the bridegroom, was best man. At 12 o'clock a dinner party for the immediate relatives of the couple was given at the home of the bride's parents, Mr. and Mrs. David Lehmer, south of Maryville. After a brief honeymoon trip the bridal couple will be at home in their new residence east of Maryville. Mr. Stien is the son of Mr. and Mrs. A. B. Stien, living east of Maryville. The out-of-town guests at the wedding included Miss Bertha Lehmer of Des Moines, Louis Lehmer of St. Charles, Ia., and Mrs. J. C. O'Rourke and daughter, Helen Marie of St. Joseph.

Colonial Costume Party

Members of the senior and sophomore classes of the State Teachers College entertained the juniors, freshmen and faculty members with a colonial costume party last night in the College Library. The party is an annual affair at the College and is usually given to observe the anniversary of the birthday of George Washington. General arrangements for the affair were in the hands of Miss Katheryn Franken and irgil Adkisson, sponsor and president of the sophomore class, and Jay Puckett, senior class president. The opening feature was the grand march led by Miss Mary Condon, Jay Puckett, Miss Jeannie Blacklock and Virgil Adkisson, who were followed by President and Mrs. Uel W. Lamkin and Dean and Mrs. George H. Colbert. This was followed by the grand right and left and the living pictures which included George Washington and his family Betsy Ross and Miles Standish and Benjamin Franklin and wife. The class in aesthetic dancing consisting of Misses Wave Hulet, Myrtle Argo, Helen Miller, Ora Mae Condon, Sylvia Littlejohn, Ruth Cline, Hazel Hall and Julia Hankins danced the minuette. Charades were the next feature the thirteen colonies being formed by means of numbered miniature hatchets which were pinned on the guests upon their arrival. Misses Helen Miller, Sylvia Littlejohn, Ruth Cline, Hazel Hall and Julia Hankins gave a second interpretative dance after which refreshments of brick ice cream centered with a tiny red hatchet, wafers and bonbons were served. Miss Mary Bailey, dressed as a colonial dame, and Jay Puckett, as a French chevalier, were selected as the most appropriately costumed couple. The entertainment was concluded with the Virginia reel. An orchestra under the direction of C. D. Kutschinski furnished the music for the occasion.

General Pershing and His Double

On his way to Springfield to deliver an address on Lincoln, General John J. Pershing stopped over in Chicago to see a play, "A Buck on Leave," which was being produced for the benefit of the American Legion. General Pershing's train was a little late, and in order that the audience would not be disappointed, Private Kelly, who impersonates General Pershing in the play, was given a seat in a box, and the audience, thinking it was the real Pershing, gave him a great ovation. After the lights had been dimmed and the play started, Kelly slipped out of the box and took his place on the stage. General Pershing arrived just before the end of the first act and none of the audience knew the difference. Private Kelly (left), is here seen with General Pershing.

Other Airship Disasters.

New York, Feb. 22.—Following are the worst peace time dirigible accidents of the last few years:

1921—British dirigible R-38, purchased by the United States government and to have been called ZR-2, broken in half while in flight over Humber River, England, August 24. Burned and fell into water. Forty-two killed, sixteen Americans and twenty-six British.

1919—Commercial dirigible caught fire and exploded over the heart of Chicago, July 5, and fell aflame through the roof of Illinois Trust and Savings Bank. Dirigible passengers and bank employees killed, thirteen.

1916—Zeppelin L-2, a new ship intended for war service, exploded over Johannisthal, Germany, October 16. Twenty-eight killed.

1914—Austrian Parseval ship, flying near Vienna, in sham battle maneuvers, rammed by military airplane, June 20; seven killed.

1912—Dirigible ship Akron, commanded by Melvin Vaniman, exploded over ocean off Atlantic City, July 1, while starting away from that place in attempt to cross the sea. Commander and four men of crew killed.

Card of Thanks

Mr. W. H. Cumpston wishes to take this opportunity to thank his many friends and neighbors for their kindness sympathy and beautiful floral oferings, during the illness and death of his wife, Mrs. Sarah Frances Cumpston.
